

Meeting date: Jan 2024

Who was there: See regis

We talked about:

- Pip attended to talk about wellbeing.
- We discussed how using plastic cups for school dinners (jellies) was a waste of plastic. The cook has agreed to order re-usable blue cups for this.

- Can crusher – this has been ordered for the staff room to encourage staff to crush their own cans.

Possible timetable for pupils to help with crushing.

We are going to:

Encourage staff to crush cans after they have finished their cans of pop at lunchtime.

We can keep an eye on this (Claire!)
