

My Communication – 5th February World Read Aloud Day

This half term we will be continuing to develop our communication skills through sharing our ideas through writing, symbols and colourful semantics, mark making and sensory exploration.

We will also be continuing our phonics learning with Little Wandle. We will explore a range of texts within the lessons so that we can practice our sounds recognition and blending skills.

My Imagination

Music: Pupils will be beginning the topic of patterns and rhythm in songs/music, delving into the different ways we can make different sounds into music.

DT: We are venturing into Design and Technology, to create our own toys using different materials and tools.

Myself and Others

19th January World Religion Day 1st February World Hijab Day

PSHE: Dreams & Goals

We will be exploring what dreams and goals means. We will link it to what we want to be when we grow up and different job roles.

SRE: Keeping safe.

We will be learning all about why it is important to say no if feeling uncomfortable. Responding to unwanted touch.

Changes linked to physical and emotional.

My Problem Solving

In My Problem Solving lessons, we will continue a focus on addition and subtraction as well as measure, shape and money! We will be taking part in a range of activities that enable us to use these skills that we are learning.

Terrific Toys

Key Texts:

- Lost in a toy museum – David Lucas
- Just like Jasper by Nick Butterworth
- Traction Man is here by Mini Grey

My Health

In PE, we will be navigating our way around obstacles in many different ways (i.e going around, under, over, turning around).

In Cooking, our main focus is exploring and trying new ingredients, and engaging with developing chopping, mixing and spreading ...

My World – 14th February Valentines Day

Science: This half term we are beginning to look at the topic of Terrific toys. We will be exploring a range of old and new toys and looking at how they work. With a focus on toys that use electricity to move.

History: Throughout the topic of History, we will be focusing on old vs new toys, identifying the similarities and differences of the toys.

Using Technology - 11th February Safer Internet Day

Our Technology focus this half term is Cause and Effect. We will be learning about different ways to manipulate moving toys, as well as following instructions to manoeuvre the different toys.

P4C

We will be exploring making choices in relation to our likes and dislikes. Some pupils will be developing this by providing explanations, using their preferred form of communication.

My Independence

This term we will be continuing to develop our independence skills with our everyday routine e.g. washing hands, doing zips, putting shoes on. We will also be developing our understanding of dangers in the classroom and around school and how to keep ourselves safe.
